yerpude.pranay06@gmail.com

OBJECTIVE

I am a professional with a passion for data analysis and strong analytical skills. With knowledge of web development and hands-on experience in the industry, I am well-equipped to excel in a data analyst role. My attention to detail allows me to uncover insights and patterns in data, and my proficiency in tools such as Python, SQL, Tableau, and Excel make me a valuable asset to any team. In addition to my technical skills, I have a strong foundation in HTML, CSS, and JavaScript and have proven myself as a reliable team player.

EXPERIENCE

Ebiztrait Technolabs Pvt Ltd — *Shopify developer*

FEBRUARY 2021 - PRESENT

Created visually appealing and functional E-Commerce websites using the Shopify platform.

Vowelweb LLP — *Shopify developer*

MARCH 2018 - FEBRUARY 2021

Designed and developed E-Commerce websites using the Shopify platform.
Utilized HTML, CSS, and JavaScript to create user-friendly and responsive web pages.

PROJECTS

DATA CLEANING IN SQL

In this project I had taken raw housing data and transformed it in SQL Server to make it more usable for analysis.

MOVIE CORRELATION WITH PYTHON

In this project I looked at what variables affect the gross revenue from movies.

COVID 19 DATA EXPLORATION

In this project I used SQL Server to explore global COVID 19 data.

SKILLS

Proficient in Python, SQL, and data visualization tools including Excel and Tableau.

Strong communication and collaboration abilities, with experience working effectively in team environments.

Strong problem-solving and analytical skills.

CERTIFICATION

Data Analyst Masters Program
By Simplilearn
APRIL 2022
